EVERY CHILD NEEDS

AND HOW PARENTS, CAREGIVERS, & TEACHERS CAN TEACH THEM

How do you keep the fire for learning burning in children's eyes? What causes a gap in children's engagement in learning and what can we do to rekindle it? How can we help all children - not just some children - thrive?

Ellen Galinsky, early childhood expert, president of Families & Work Institute and former president of the National Association for the Education of Young Children, will speak to us about the importance of promoting key life-skills learning in early childhood and beyond as it relates to future success in life.

This extraordinary training opportunity is FREE. Please be our guest for dinner.
