

The Impact of Trauma on a Child's Attachment

— Facilitated by —

DEBRA WIEGEL, LMFT

THURSDAY
APRIL 21
9:00 - 3:30 pm

Lunch is provided.

This workshop will focus on complex trauma exposure and the disruptive attachment styles that result from abusive and/or neglectful parenting.

Participants will learn ways to encourage and nurture successful attachments to help children heal from early negative experiences.

Objectives in this training include learning :

- 1) 7 areas of impairment in children resulting from complex trauma exposure;
- 2) 4 styles of attachment;
- 3) to recognize signs of disrupted attachment in children and in the family;
- 4) core beliefs of securely attached and insecurely attached children;
- 5) qualities of parents who promote successful attachments;
- 6) 3 categories of parental behaviors to encourage secure attachment.

Free CEU's ~ This course meets the qualifications for 5 hours continuing education credits for LCSWs & MFTs as required by the Board of Behavioral Sciences – Sierra Forever Families (Provider #4384).
