

SISKIYOU PARENTING HUB TRAINING SCHEDULE

FY 2017 - 2018

Dear Family & Community Resource Center Staff, Early Childhood Educators, Schools and Community Partners,

This *Siskiyou Parenting Hub Training Schedule* includes parenting education classes requested and hosted in our communities and county-wide trainings including professional development opportunities and special topics-of-interest. We are pleased to collaborate with many community partners to offer these high quality trainings at no cost to Siskiyou residents, families and those who serve them. To break down barriers, all parenting classes or series include a family style meal and quality child development activities during child care. This diverse menu of classes provided throughout our county is only possible with contributions from community partners. A very special thanks to Siskiyou County Community Corrections Partnership and Behavioral Health (MHSA), Oregon Parenting Education Collaborative (OPEC), and the College of the Siskiyous Foster/Kinship program for their continued and valued support. Sierra Forever Families is a key partner in professional development training opportunities as well as MHSA and Human Services. We invite you to join our Collaborative through funding or support, such as sharing of staff with expertise in a topic area to help increase the number of classes in our communities. In FY 2016-2017, over 250 sessions of classes and workshops were provided. We are grateful to all of our highly skilled and experienced educators for sharing their expertise and facilitating these important parenting education programs in our communities!

If there is a need to reschedule or add a parenting series or workshop, please contact me at 530.261.1297. To allow planning for space, meals, child care and materials, and any changes in schedule, please be sure that families have registered for all parenting series and workshops at least 48 hours prior to the scheduled class by calling the specific Family or Community Resource Center.

I want to thank everyone who is a partner in well-planned and high-quality parenting education programs. By working together, we create opportunities for meaningful and lasting change for children and their families.

Sincerely,
Karen Pautz

Executive Director, First 5 Siskiyou Children & Families Commission

KEY to Siskiyou Parenting Hub Training Schedule 2017-18
