

Siskiyou Parenting Education Classes, Support Groups, Special Events, and Professional Development Trainings

STRENGTHENING FAMILIES AND BUILDING PROTECTIVE FACTORS THROUGH COORDINATION AND COLLABORATION

Dear Community Partners, Resource Center Staff, Early Childhood Educators, and School Leadership Teams,

It's time to plan and select special parenting education programs for FY 2019-2020! We are excited about partnering with all interested organizations and schools to offer a variety of quality workshops on diverse topics. We would also like to hear any suggestions you may have for new classes!

Thanks to confirmed funding from Siskiyou County Behavioral Health (MHSA) and Human Services, Siskiyou County Probation, The Ford Family Foundation, the Karuk Tribe, Siskiyou Early Head Start, and First 5 Siskiyou, we can offer a selection of classes. With your partnership, we can strengthen and increase our collective commitment of providing evidence-based parenting series and workshops. High-quality parenting education programming starts during the planning process. All proposed topics for workshops and classes are coordinated with parents and community partners to ensure the highest level of family participation and to address expressed needs in your communities.

We invite you to join our collaborative effort through funding and/or support, such as sharing of staff with expertise in a topic area to help increase the number of classes in our communities. Special thanks to all of the highly skilled and experienced educators for sharing their expertise and facilitating these important parenting education programs in our communities! Please submit your requests to Bliss Bryan at bliss@first5siskiyou.org or (530) 918-7222. If planning a class in August or September, please submit your request to Bliss no later than July 5, 2019. If you are interested in becoming a co-funder of parenting education classes, or county-wide trainings, please contact me at karenpautz@first5siskiyou.org or (530) 261-1297.

On behalf of First 5 Siskiyou Children & Families Commission, thank you to everyone who is a partner in well-planned and high-quality parenting education and professional development programs. By working together, we create opportunities for meaningful and lasting change for children and their families.

With gratitude, warmth, and respect,

Karen Pautz

Executive Director, First 5 Siskiyou Children & Families Commission
