Hui (hoo’ee) is a Hawaiian term for a cooperative group working together for a shared purpose. Family Hui is a positive parenting program for families with children ages 0-5 years.

Join other parents and caregivers each week for 12-weeks as we celebrate the joys of parenting and share ideas on how to address stress in healthy ways. This Hui group will discuss positive parenting principles that empower parents and caregivers while promoting healthy development.

About our Facilitator
For the past 15 years, Bliss Bryan has been honored to work with children and families as Executive Director of a local non-profit and recently with First 5 Siskiyou. She is a mom to an amazing nine year-old and believes the opportunities she has had in her professional role has helped her to be a better parent. She is grateful for her “Hui” and believes there is immense power and support in parents coming together to share not only the pleasure but the challenges of the parenting journey. “The power of connection with one another is so important as it reminds us we are not alone!”
