

Music and Brain Development

A workshop and sing-along with
Dr. Annie Kramer

Join other families for this interactive workshop that will provide information about the importance of music in the development of children's cognitive, academic, motor, and social skills. Immediately following the parents' session, there will be a fun family sing-along for parents and kids.

Wednesday
November 16th
at **5:30 - 7:15pm**
Scott Valley Family Resource Center
11920 Main Street, Fort Jones
To sign-up, call 530.468.2450
Dinner and child care
will be provided.
