

Smoke and Mirrors

HOW YOUTH HIDE THEIR ONLINE ACTIVITY

Presented by
Dr. Deena Graves

MONDAYS — A 3-part virtual class
May 1st, 8th, & 15th
3:00 - 5:00PM

The pandemic radically changed the dynamics of the dangers our children face. Online enticements escalated an astounding 97.5 percent from 2019 to 2020 due to the lockdowns* – and that’s just the reported cases. This training unpacks how teens and children unintentionally put themselves in danger online of sextortion, child sex trafficking, use in pornography, pornography addiction, cyberbullying, being stalked, and more. Youth are adept at hiding what they do online and on social media, and this session opens attendees’ eyes to what they are hiding, how to find it, and what to do about it. It also exposes how predators and others help them deceive the caring adults in their lives.

In addition, it also analyzes how the desire to be an influencer and make quick money has led teens to sell themselves online, developing mindsets like traffickers.

* National Center for Missing and Exploited Children

This training is designed for parents, care providers, educators, probation officers, and all who work with and have children and youth in their lives.

“

Smoke and Mirrors is, by far, M³’s most eye-opening and crucial training due to the epidemic level of children victimized and killed by online predators.
