

2 MONDAYS

Jan 22nd and 29th

10:30-12pm

This workshop is for parents and their children from birth to age 5 years.

At Home Everyday Math Fun!

SUPPORTING AN AWARENESS OF NUMBERS, SHAPES, PATTERNS AND MEASUREMENT IN THE YOUNG CHILD

Facilitated by

Carol Wheeler

Math is used every day...in the home, in the car, at the store. Young children can benefit from intentional strategies to support the development of their math skills.

Come join other parents, and **BRING** your child to play and learn intentional ways to support math awareness through literacy and other fun activities.

Mt. Shasta Community Resource Center
109 E. Lake, Mt. Shasta

Carol Wheeler has been an Early Childhood Educator with over 45 years of experience teaching, coaching, and mentoring.

No cost to participants. Healthy snacks are included.
