

One lucky person will win a ukelele!

MUSIC MATTERS

Join us for this fun and interactive workshop at
HUB Community Resource Center
310 13th Street, Montague

Friday, April 12
5:30-7:30PM

Presented by

ANNIE KRAMER

Learn more about Annie on back page

A family dinner
is included.
No cost to participants.

We will:

- Learn about the importance of music for early brain development and throughout the life span
- Explore the contributions of music experiences to children's academic progress
- Learn to make simple musical instruments with basic household materials
- Participate in a family sing-along

Sign up by calling 530.459.3481 or scan here

Facilitated by
ANNIE KRAMER

From the time that she was a very young child, music has been an important part of Annie Kramer's life. She plays the piano and guitar, and has performed with various music groups and choirs through the years. She loves sharing music with others, and since retiring from her professional career as a psychologist, she is enjoying having more time to do that. Annie particularly enjoys children's music, folk music, and dance. She calls contra dances and does Appalachian clogging. She also currently works part-time as a Music Enrichment instructor at the Scott Valley Farm School, sings with the Scott Valley Community Choir, and is a member of "The Chalada Sisters," a vocal duo that performs at the Etna Farmer's Market and other community venues.
