

Understanding ACES

Presented by **Katie Eastman, MPH**

Katie has worked in community health and development programs internationally as well as at the federal, state and local government levels for the past decade. Her expertise and background is focused primarily in Maternal, Child and Adolescent Health, but also encompasses other areas of public health and community development.

LEARN HOW ACES IMPACTS YOU, YOUR FAMILY, & OTHERS

- **Adverse Childhood Experiences (ACEs) are the most powerful determinant of the public's health**
- **ACEs are common, in fact, they are widespread, but they don't have to define your future or potential**
- **Education and prevention are essential to creating a healthier society for generations to come**
- **Help stop the cycle!**
