FAMILY NATURE WALKS & ADVENTURES

JOIN FIRST 5 SISKIYOU AND MOUNT SHASTA BIOREGIONAL ECOLOGY CENTER (MSBEC)
FOR 3 SUMMER FIELD TRIPS FOR YOUNG KIDS AND THEIR FAMILIES! NO COST TO PARTICIPANTS.

Each outing will feature a storytime, sensory walks and activities, games, and nature journaling to help us awaken our observation of the natural world. All activities can be done as a family and will be designed with a range of ages in mind. We'll explore our local ecology, learn about plants and animals, and how everything is interconnected.

*** Please sign-up in case we need to change the location or reschedule due to weather!
